Description

Completely genuine high quality oak roll top desk with tambour roll shutter & key. This desk features panels all around being decorative enough to stand within a room rather than up against the wall. The pictures show condition as collected from a farmhouse today as no cleaning or polishing has been done so it's regular past use can be seen. Generally the desk is in excellent order for its age, a gentle polish would give it a shine. Marked on the brass key plate "Angus London" we believe it was made circa 1910/20. Inspection welcome by appointment.
