

SA620681

Antique Systeme Roskopf full hunter pocket watch

Price

Sold**Item Reference: SA620681****Date of manufacture: 1910**

Description

Antique Systeme Roskopf full hunter pocket watch. The watch has a stem-winding movement which is working nicely, and it has a good loud tick. The movement is protected by an inner hinged cover which is signed Systeme Roskopf. There are some surface scratches to this inner cover. The watch measures 53mm diameter excluding the winding stem and the loop. The case is unhallmarked but probably low purity silver and it has handsome decoration to both the front and the back. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in good condition. The dial is signed Gre Roskopf Patent and it has the image of a locomotive below. This is not the original dial but a replacement. The watch will be sent in a new presentation box.
