Description

Set of 4 late C19th mahogany armchairs of C18th revival Hepplewhite design. Superb quality set of 4 carved shield-back salon armchairs in the manner of the leading late C18th George III period cabinet-maker and designer, George Hepplewhite. Raised on shaped fore-legs with feather-carved feet, the swept scroll arms with carved block terminals and paterae. The deeply concaved shield-shaped backs fitted with five feather-carved splats beneath a serpentine top-rail. The generously proportioned seats of serpentine outline, and having clean, high-quality recent period-style upholstery in a well-chosen fabric of subtle design and colour. Have achieved a good period style colour and patina, with some gentle atmospheric fading through exposure to sun-light. Excellent grade of chosen mahogany timber and exceptional attention to detail which faithfully copies important C18th period originals. H 39" W 23" D 21" England c.1900
