Description

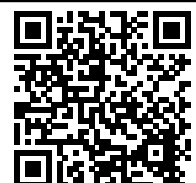

Circa 1910-1930 an original stained glass Arts and Crafts lantern with copper surrounds. It measures 27cm in length without the chain; 14cm in diameter at the top and approximately 21cm at the base across the three little curved copper feet. It comes with a length of original chain and we may be able to supply more chain if required, please ask. The stained glass on all sides and the three faceted coloured glass flowers are original and in good condition with no signs of damage. The copper surrounds and top have small marks creating the beaten copper effect that was desirable at the time.
