Description

1920s Omega pocket watch and chain. The watch has a stem-winding movement, calibre 40,6L, which is working nicely. The movement is fully signed and the serial number 6,348,483 dates it back to around 1925. The movement is protected by an inner hinged cover. The watch measures 48mm diameter excluding the winding stem and the loop. The case is nickel and it has the Omega logo inside the hinged case back. There is some unevenness to the back but fairly shallow. The acrylic lens is in good condition. The signed dial has a few hairline cracks but they are faint. Blued steel hands in the Breguet style, a subsidiary seconds dial and an outer minute track. The watch comes with a single chain, 28cm long including the T-bar and the clasp. The watch and chain will be sent in a new presentation box.
