Description

Good small size 18th century George 3rd mahogany single drawer side table. The table has square tapered legs with inner stop chamfers, a single full width drawer and a very nice thin top. The drawer is oak lined and retains its original lock and original brass swan neck handle. A slightly unusual feature is that every under edge of the table has been stop chamfered which is a nice feature and shows quality of workmanship. The table is a lovely mellow colour with good original patination and waxed finish. The table is in very good condition, there is a very small stable old filled crack at the right hand side of the top but you have to look hard to see it. SIZE; 28" wide by 19" deep by 28" high CIRCA; 1770 - 1780
