Antique 1909 silver Cyma
pocket watch & chain.

Price

Sold

Item Reference: SA623484

Date of manufacture: 1900

Description

Antique 1909 silver Cyma pocket watch & chain. The watch has a high grade Swiss stem-winding movement, with 15 jewels, which is working well. The movement is stamped 15 jewels, 3 adjustments, Swiss made and the Cyma calibre number 999. The movement is protected by an inner hinged cover. The watch measures 51.6mm diameter excluding the winding stem and the loop. The silver case has Birmingham hallmarks for 1909 and the makers mark for the Dennison watch case company. The case has light surface marking from use and some mild wear to the engine turned detail on the back but overall is in good condition for a 1909 piece. The glass lens is in nice condition with only minor marks from use. The white enamel dial is in nice condition with blued steel hands, a subsidiary seconds dial and an outer minute marker. The watch comes on a vintage silver chain with fob. The chain measures 33cm including the clasps. The watch & chain will be sent in a new presentation box.
