Description

Dating to the Victorian period, around 1880, this is a wonderful pair of steel tailors shears measuring 12" in length. They are often found signed by the famous Wilkinson and Sons, but unfortunately these are unsigned, hence the affordable price point. The blades and brass fasteners have been professionally polished to gleam, a wonderful addition to any antique sewing or dress making collection. Very good condition but would require a sharpen if they were to be used. Item ID: 31580 ----- FREE Worldwide Registered Airmail; Insurance Optional.
