Width = 183 cm (72.0")

Depth = 122 cm (48.0")

## Description

This Mahogany partners desk has been through our workshops and has had a good clean and has been refinished so is now in very tidy and clean condition. The swan neck brass handles are all in place and there is a key which operates almost all of the locks. Each side of this impressive desk which is 6ft wide by 4ft deep has six drawers and a cupboard and at this stage the new purchaser can select their own choice of leather colour. The old one has been cleaned off and we will delay the order of a new one for a week or two to give this choice. We have had clients over the years not wanting the gold tooling so if a plain leather cloth is preferred the price can be reduced by about £200.00. The kneehole is a good size for those with a need for a bit more space at 60cms high and a good 87cms wide, also we have a leather trimmed captains chair, shown in one of the pictures, that goes very well with this desk. The pedestals have a rather neat reeding to the sides which gives a little added appeal. All in all a good clean and tidy desk ready to go into service and certainly one that looks good. This comes to pieces for delivery so able to go upstairs or downstairs if need be.
