## Description

A 1920s silver Restor open faced pocket watch. The watch has a Swiss seven jewel stem-winding movement, signed Restor, which is working well. The movement is protected by an inner hinged cover. The watch itself measures 49mm diameter excluding the winding stem and the loop. The case is silver and has Birmingham hallmarks for 1924 with the makers mark for the Dennison Watch Case Company. The case is in nice condition with only the odd minor mark from use. The watch glass is in nice condition. The white enamel dial has a couple of faint hairline cracks and an old repair at 5 o'clock although hardly noticeable to the naked eye. The watch has its original blued steel hands. The watch will be sent in a new presentation box.
