Description

Superb 1930's Art Deco walnut hexagonal display cabinet. Very nice veneers to this cabinet being slightly more detailed than the average, a great display piece too having three internal shelves with open glass sides and flat service top which can also be used to display. The whole piece is raised on a triangular walnut veneered plinth giving a very geometric look. Comes to you in excellent condition having been newly and professionally restored by our restorers. Original working key.
