Description

A superb Elm chest of drawers dating from the late 19th Century. They are good quality with a smooth waxed finish and attractive light colour and beautiful grain. The drawers run well and it is a clean sturdy set with brass ring pull handles. The handles are not original but suit the chest well and have been on there some time. There are the usual signs of light wear and a few small marks but nothing detrimental and they display beautifully. The best description comes from the photos so please look at them all carefully and if you have any questions please ask. Free local delivery within 10 miles of Ashburton. Regular London deliveries for £50. Nationwide delivery available, please get in touch for an accurate quote.
