Description

Antique 1918 Silver Swiss full hunter pocket watch. The watch has a 15 jewel Swiss made stem-winding movement, which is working well. The movement is protected by an inner hinged cover. The watch measures 52.5mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the covers for Birmingham 1918, with a maker's mark for the Dennison Watch Case Company. The case is in nice condition with crisp engine turned detail and a vacant cartouche to the front. The winding crown pushes in to open the case front. Inside there is a glass lens which is in nice condition. The white enamel dial is in nice condition with only the odd minor mark. The watch has blued steel hands. The watch will be sent in a new presentation box.
