Description

A neat little bow fronted oak cabinet from a local house. Originally a gram cabinet from the 20s but now it makes a really good drinks cabinet. The top lifts and can hold glasses and bottles can be enclosed in the base behind the bow fronted inlaid doors. There is access at the rear too so you can hide the expensive ones and take them out at your leisure. It is in a golden oak and generally in good condition, a couple of useage marks but pretty good and much better than most items when they come in. We can undertake any restoration you may want but not at this bargain price of £165 of course. This can also make a good bedside cabinet or perhaps could be used for files, a lot of versatility here. Delivery can be arranged by specialist carrier to most UK areas for around £60, please phone 01565 874075 if you would like to discuss.
