Description

Very Large and Magnificent Gothic Clock Set - by Japy Freres Fast worldwide shipping. Buy now with the Paypal button. ~ French - Circa 1880 ~ ~~ Excellent condition ~~ A truly stunning gilt brass clock set by Japy Freres standing well over 2 feet in height. The design is bold and heavy gothic, decorated with mythical sea creatures to the top, goddesses and winged griffins. Particularly charming are the mythical dogs dangling from the candelabra by belts round their tummies, stationed to ward off evil spirits. The overall look of the set is of a stout castle, this is a very heavy and well modelled clock set with much of the original gilding being bright and clean. The large brass dial is mounted with 12 individual enamel cartouches. It has a beautiful and heavy hobnail bezel mounted with the original convex glass. It is complete with original blued steel hands. The clock has a fretted back to allow the pendulum to be seen and the candelabra are modelled in the round - the clock set would look great from both sides for example in the middle of a room as well as against a wall. The French Japy Freres movement is of excellent quality and runs for 8 days and strikes...
