Description

Gents 9ct gold Accurist wrist watch, 1968. The watch has a 21-jewel hand-winding movement which is working nicely. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for Edinburgh 1968. The case is in good condition, just some fairly gentle unevenness to the back. The lens is in good condition. The signed dial is in its original finish. There is a little marking if you look closely but looks good to the naked eye. A new leather strap has been fitted. The watch will be sent in a new presentation box.
