Description

Antique chunky Syren pocket watch and albert. The watch has a good quality Thommen movement with snailcam regulator, made for and signed Syren, which is working nicely. The watch measures 56mm diameter excluding the winding stem and the loop so a good heavy duty watch. The case is nickel and it has some surface marking from use but overall is in good condition for a 1930s piece. The watch glass is in good condition. The dial is in lovely condition and has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with a single chain, 25cm long. The watch and chain will come in a new presentation box.
