Description

1930s Lanco Art Deco pocket watch in beautiful condition. The watch has a Swiss 15-jewel hand-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch itself measures 52mm diameter excluding the winding stem and the loop. The case is gold plated and it has the odd minor mark but overall very nice condition for such an early piece. The winding stem pushes in to open the front cover. Inside there is an acrylic lens which is in good condition. The signed dial is in super original condition with original blued steel hands, a subsidiary seconds dial and outer minute markers. The watch will be sent in a new presentation box.
