Description

This is a stunning walnut pedestal desk in good original condition & dating to around the 1910-20's period. The writing surface is the original tooled hide & is quite distressed, although still useable & full of character. We thought about re-leathering, but it's really in keeping with the rest of the desk. The top section has cushioned sides all the way around. This can be lifted off the pedestals making it three sections for easy transportation. All the drawers fronts are burr walnut, with original brass handles, locks & escutcheons. The drawers are also finely dovetailed & they are oak lined. The drawer dividers are curved & the pedestals sit on solid walnut ogee bracket feet. This desk is finished off & polished on the back too, so is free standing. It's wonderful quality, with a lovely mellow colour & like I said, it's full of character. It's also a great in-between size, not too large or too small, plus the knee-hole space is very generous. Length – 55 inches, 140 cm Depth – 31 inches, 78 cm Height – 31 inches, 79 cm Knee-hole Height – 26 inches, 65 cm
