Item Reference: SA631890

Date of manufacture: 1920

Description

A 1920s Cyma half hunter pocket watch & chain. The watch has a stem-winding movement which is working well. The movement is stamped with the has been identified as a Cyma calibre 998. The movement is protected by an inner hinged cover which has light age related spotting. The watch itself measures 50.5mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company. The case has light surface marking from use and a small "ding" to the bottom of the back but overall it is in nice condition for a 1920s piece. The front cover has a small lens surrounded by black enamel filled Roman numerals. The winding crown pushes in to open the front cover. Inside the acrylic lens is in nice condition. The white enamel dial is in nice condition. Note the special hour hand for half hunter watches, so that the hands can be distinguished between when the front cover is closed. The watch has its original blued steel hands. The watch comes on a vintage gold plated albert chain with beaded decoration. Two of the beads are missing but overall it is in nice condition. The chain measures 29cm long including the...
