Description

A vintage 1930s Swiss full hunter pocket watch. The watch has a nicely jewelled stem-winding movement which is working well. The movement is protected by an inner hinged cover. The watch itself measures 50.8mm diameter excluding the winding stem and the loop. The case is gold plated and has minor surface marking from use and some wear to the edges but overall it is in nice condition for a 1930s piece. The inner covers have some surface scratches. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in nice condition. The white enamel dial has several faint hairline cracks and an old repair to the centre although not over noticeable to the naked eye. The watch has gold hands. The watch will be sent in a new presentation box.
