Description

Gents 1960s Accurist Shockmaster wrist watch. The watch has a good quality signed 21-jewel hand-winding movement which is working nicely. The watch measures 33.5mm wide excluding the winding crown and 31mm high excluding the lugs. The case is gold plated and looks good to the naked eye. If viewed very closely, there is a little rubbing in places. The lens is in good condition. The signed dial is in good original condition with original dauphine shaped hands. A new leather strap has been fitted. The watch comes in an Accurist presentation box but it is probably not original to the watch.
