Description

Everite pocket watch from H Samuel. The watch has a signed Swiss 15-jewel stem-winding movement which is working nicely. Everite was the brand name used for H Samuel's own range of watches. In 1862 when Harriet Samuel took over her father-in-law's clock-making business in Liverpool, she renamed the business H Samuel and moved the business to Manchester's Market Street where she ran the company as a mail order business. Later on, Harriet's son concentrated on the retail side of the business, and the first H Samuel retail store opened in Preston in 1890, closely followed by branches in Rochdale and throughout Lancashire. Since then the company has become nationwide with branches in many British High Streets today. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and is in good condition just a couple of pin prick sized marks to the back but nothing serious at all. The watch glass is in good condition, just a small nibble to the bevelled edge but you have to look quite closely to see it. The signed dial has its original hands, a subsidiary seconds dial and an outer minute track. There is some damage between 4 and 5. ...
