Description

A 1930s Limit No 2 pocket watch. The watch has a Swiss signed stem-winding movement, made by Thommen for Limit... it is working nicely. The movement is stamped Limit No 2 "N", 15 jewels, Swiss made. The watch measures 50.7mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made in England by the Dennison Watch Case Company... the movements were often imported into the UK to be cased in readiness for onward retail. The case has light surface marks from use but overall it is in nice condition. The watch glass has a small nibble to the inner edge under the lens but overall it is in nice condition. The signed white enamel dial has a couple of very faint hairline cracks between 10 and 11 o'clock but otherwise it is in nice condition. The watch has its original gold hands, and a blued steel sub seconds hand. The watch will be sent in a new presentation box.
