Description

Antique 1918 silver Syren pocket watch. The watch has a Swiss stem-winding movement which is working well. The nicely jewelled movement has a micro regulator and is signed Syren, Swiss made. The watch measures 50.5mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside for Birmingham 1918, with a case maker's mark for the watch case maker Aaron Dennison. The front of the case is in good condition. The case is in nice condition with only a small "ding" to the back. The glass lens has a small nibble to the outer edge between 1 & 2 o'clock but overall it is in nice condition with only the odd minor mark from use. The double sunk white enamel dial is in nice condition. The watch has its original blued steel hands. The watch comes in a new presentation box.
