

SA634542

Gents 1950s triple date wrist watch

Price

Sold**Item Reference: SA634542****Date of manufacture: 1950**

Description

Gents 1950s triple date wrist watch. The watch has a 17-jewel Venus 203 hand-winding movement which is working nicely. The watch is a good size at 36mm diameter excluding the winding crown and the lugs. The case is chrome plated and there is some wear in places. The case back is stainless steel. The lens is in good condition. The signed dial has gold coloured hands, a date pointer, moon phase and also day and date apertures (in Italian). The three date features are initially set via the small push buttons on the side of the watch. The moon phase dial is not turning. A later Hirsch camel grain leather strap has been fitted. The watch will be sent in a new presentation box.
