Description

Very impressive French antique marble top bombe kingwood cabinet of very high quality, in good condition & dating from the 1890-1910 period. It's all kingwood with three marquetry panels set into gilt bronze frames. The gilt bronze mounts are well cast & finely detailed. The centre door panel has a fabulous marquetry design of a basket of flowers with many different exotic wood set in. Behind the door, the inside has the original lining on the back. There are two shelves & there is also a light inside, which I believe is a later addition. The original rouge marble just sits on the top & is a wonderful colour which compliments this piece nicely. The gilt bronze mounts & trimmings run all over the base & down to the legs which are also solid well cast gilt bronze. Width – 39 inches, 99 cm Depth – 17 inches, 43 cm Height – 45 inches, 114 cm
