Description

Antique Waltham Bond Street full hunter pocket watch. The watch has a stem-winding movement, Bond Street grade, which is working nicely. The movement is fully signed and the serial number, 19,689,251 dates it back to 1914. The movement is protected by an inner hinged cover. The watch itself measures 48mm diameter excluding the winding stem and the loop. The case is gold plated. There are a few little "dings" to the front and a couple to the back but they are fairly shallow. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in good condition. The signed white enamel dial is in good condition, just a short hairline over number 7. Blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box.
