Description

This is an exceptional example of a gents watch made by the premier Swiss maker Longines. This is an extremely rare model with a rectangular shaped case and a sub seconds dial, very much of the Art Deco era. Everything about this watch is original, the untouched waffle dial is just superb and it has its original winding crown. It has a calibre 22L manual winding movement which is of the highest quality and as you can see is sparkling clean and in fabulous condition. It has had a curvex glass fitted and the case has been professionally cleaned and polished so is absolutely pristine. The case measures 40mm x 25mm without the winding crown. The watch comes with a high quality wooden presentation box to keep it in perfect condition. As you would expect from Longines the watch is fully marked on the dial, movement and case. It has a new premium grade black leather strap. Longines are one of the most exclusive watchmakers in the world and this watch certainly has that understated but elegant look. It is extremely rare to find this watch and is much sought after by collectors. The watch movement has just been fully serviced and is guaranteed to be a genuine Longines...
