Historical Relevance The Radical War or also known as the Scottish Insurrection of 1820, was a week of strikes and unrest, a culmination of Radical demands for reform in the United Kingdom of Great Britain and Ireland which had become prominent in the early years of the French Revolution, but had then been repressed during the long Napoleonic Wars. An economic downturn after the wars ended brought increasing unrest. Artisan workers, particularly weavers in Scotland, sought action to reform an uncaring government. Gentry fearing revolutionary horrors recruited militia and the government deployed an apparatus of spies, informers and agents provocateurs to stamp out the movement.
