Description

Stunning pair of antique solid mahogany console side tables in excellent condition, which I would date to around the 1830-40's period. They are exception quality & a lovely design, with some very fine details. I have never come across a pair of consoles as nice as these. Please enlarge all the images to appreciate the great features. Take a look at the front turned & grooved legs which end in well defined claw feet & the back panelled supports are nice too. These tables look much better in real life. The images don't do them justice. Width – 48 inches, 122 cm Depth – 22 inches, 56 cm Height – 29 inches, 74 cm
