Description

1930s Omega pocket watch and chain The watch has a stem-winding movement, calibre 10.6L.T2.5P, which was made from 1923 until 1936. This particular movement is signed with the Omega name and the serial number 7,559,519 dates it back to the early 1930s. The movement is protected by an inner hinged cover. The watch measures 48.5mm diameter excluding the winding stem and the loop. The case is nickel and overall is in good condition, just a little gentle unevenness to the back but nothing serious at all. The acrylic lens is in good condition. The signed dial is in super condition with Breguet style hands, a subsidiary seconds dial and outer minute markers with 24 hour numbers. The watch comes with a double albert, with each chain measuring 18.5cm long including the T-bar and the clasp. There is also a silver fob (no engraving). The watch and chain will be sent in a new presentation box.
