Description

Large North African Carved and Brass Decorated Coffe This is a lovely 19th Century trunk, it is a very heavy piece carved on all sides and overlaid with decorative Brass work. The trunk is carved with a naturalistic fruit and leaf design on the front and a more geometric pattern on the sides and back. It has brass decoration on the top and front, with 2 locks and it has brass carrying handles. The interior has 2 candle boxes. This is an old piece with a pleasant look, it is in good condition a few marks on the top, we have the original keys but one of the locks is very stiff and we have not been able to get it to work properly. The box measures 50" wide x 20" deep and stands 16" high JF88
