

SA639939

1951 Omega pocket watch
with chain.

Price

Sold

Item Reference: SA639939

Date of manufacture: 1950

Description

1951 Omega pocket watch with chain. The watch has a calibre 161 stem winding movement which is working well. The movement is signed Omega, Swiss, 15 jewels, calibre 161 and the serial number 13118083 which dates it back to 1951. The movement is protected by an inner cover. The watch measures 48mm diameter excluding the stem and loop. The case is nickel and has the triangular Omega mark on the inside of the back. The case has minor marking from use and a small "ding" to the case back but overall it is in nice condition. The acrylic lens is in good condition. The signed dial is in its original finish and has light surface marking mainly at 11 o'clock but otherwise it is in nice condition. The watch has its original blued steel hands. The watch comes with a graduated single nickel albert 34cm long including the T-bar and clasp. The watch and chain will be sent in a new presentation box.
