Height = 26 cm (10.2")

Width = 35 cm (13.8")

Depth = 13 cm (5.1")

Description

This mantle clock dates from the 1920s and is in original but very tidy condition. It is a rather superior example with the brass pillars down the sides and the original curling stone shaped feet. The inlays are in sound condition and the movement is working, there is a key. An laid Mahogany case with a silver plaque on the face stating it was a retirement present to an S Ryan. A nice clock with a strike that is certainly not expensive.
