Description

A lovely antique convex wall mirror dating from the early 20th century. It has a gilded frame with applied ball decoration and ebonised reeded slip. The mirror including the frame is approximately 20 1/2" (52cm) in diameter and the mirror itself is 13 1/2" (34cm) in diameter. It is in good condition with its original gilded finish and its original mirror plate. There are some signs of age and use, some small chips and minor losses and surface cracks on the frame but no damages to the glass and overall it displays very nicely. It has been lightly cleaned and is ready to hang. The best description comes from the photos so please look at them all carefully and if you have any questions please ask.
