Description

A beautiful old wooden toy horse, dating from the early to mid 20th century. It is very original and has clearly been well loved over the years. Much of the original paint remains and it has its original wooden wheels. It is in excellent playworn condition and displays beautifully. The wheels roll well and the wood is free of worm and major damage. It is of course covered in knocks and scuffs and lots of signs of wear and use but nothing detrimental. The best description comes from the photos so please look at them all carefully and if you have any questions please ask. UK Delivery £10.
