Date of manufacture: 19th Century

Dimensions

Height = 112 cm (44.1")

Width = 121 cm (47.6")

Depth = 18 cm (7.1")

Description

This nice and clean stone fire surround has come from a Yorkshire cottage. We have removed many coats and years of paint and pressure washed it three times to put it in this condition. It would of course look superb back in a cottage and will be perfectly at home in Yorkshire, however there are many places in the UK where it would be equally at home. We will include a cast centre foc to go with this surround, this is not restored but is not painted about 23 times like the surround was. If you wanted to slightly reduce the height it would be easy to do and it is a really easy one to fit. The body is 90cms wide, the other measurements given below are on the mantle. For a really clean antique stone fire surround this must surely be the keenest priced one in the world. Give us a call if you would like to discuss 01565874075. We are able to arrange carriage if required for £60 /70 to most parts of the coutry or it can be collected from Knutsford with pleasure.
