Description

Gents 1950s Revue Sport wrist watch. The watch has a 17-jewel hand-winding movement, calibre 350, which is working nicely. The watch measures 34mm diameter excluding the winding crown and the lugs. The case is gold plated and it has an unusual textured finish to the front of the lugs. The case is in lovely condition. The stainless steel screw-on case back is signed Revue Sport. It also states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The case back has minor marking. The winding crown has the Revue 'R' logo. The lens is in good condition. The signed dial is in lovely condition and has dauphine shaped hands, centre seconds hand and outer minute markers. A new leather strap has been fitted. The watch will be sent in a new presentation box.
