Description

A lovely antique gilt overmantle mirror of simple arch-top design with scrolling feet and its original ceramic bun feet. The gilded frame is in good condition and it has its original glass and a good quality wood panelled back. The ceramic feet allow it to be stood on a mantle or there are two fixing brackets for hanging on the wall. It is in good original condition. There are some very minor knocks and small losses around the edges of the mirror frame and some minor wear on the mirror plate but nothing detrimental. There are some old holes in the top of the frame where one can only assume it was nailed or screwed to a wall at some point (See photos) but they don't detract from the mirror and overall it displays very nicely. It has been lightly cleaned and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions please ask.
