Date of manufacture: 1920

Description

A 1920s Cyma pocket watch with chain. The watch has a signed stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch itself measures 49.3mm diameter excluding the winding stem and the loop. The case is nickel. The front is in good condition while the back has some mild bruising but overall it is in nice condition for a 1920s piece. The watch glass is in good condition. The white dial has a very faint hairline crack at 4 o'clock but otherwise it is in nice condition and has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with a vintage graduated nickel chain which measures 28 cm long including the T bar and clasp. The watch and chain will be sent in a new presentation box.
