Description

Antique "Express" English Lever pocket watch by J G Graves of Sheffield. The watch has a key-winding movement which is working well. The movement is protected by a fitted inner cover. A winding key is included. The watch measures 53.3mm diameter excluding the stem and the loop. The case is silver and there are hallmarks inside both of the case backs for Birmingham 1899 with a maker's mark for the case maker Charles Huton Errington. The case has light surface marking from use but overall it is in nice condition for an 1890s piece. The inner case back has the name of a previous owner engraved on it. The watch glass is in nice condition with only the odd minor mark from use. The signed white enamel dial has a very faint hairline crack to the bottom of the sub seconds dial and slight nibbling to the outer edge of the sub seconds dial although hardly noticeable but otherwise it is in nice condition. The watch has its original gold hands and blued steel sub seconds hand. The watch will be sent in a new presentation box.
