

SA642370

1930s Swiss pocket watch and chain.

Price

Sold

Item Reference: SA642370

Date of manufacture: 1930

Description

1930s Swiss pocket watch and chain. The watch has a Swiss stem-winding movement which is working well. The movement is protected by an inner hinged cover. The watch itself measures 50.4mm diameter excluding the winding stem and the loop. The case is nickel and has light surface marking from use and some mild bruising to the back but overall it is in nice condition for a 1930s piece. The watch has a glass lens and has minor marking from use although very acceptable. The white enamelled dial is in nice condition. Blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes with a single albert chain which measures 26.5cm long including the T bar and clasp. The watch and chain will be sent in a new presentation box.
