Description

For your consideration is this superbly stylish and rare 1930's Art Deco pyramid box bag, a beautiful design. I can't sing the praises of this bag enough, it's an absolute delight. The blue leather is sumptuously soft, it opens and closes effortlessly and is the perfect size for modern use. The bag opens to reveal an interior that is lined with royal blue silk and shows a label 'Freder, Made in England'. Totally original to the era with minimal signs of use, it's obviously been loved and cared for over the last 80 or 90 odd years. The gold tone frame is also in very good condition and again shows only very minor signs of age. Body of the bag is 14 cm high and 29 cm with handle extended.
