Description

Antique Revue pocket watch. The watch has a signed stem-winding movement which is working nicely. The watch measures 53mm diameter excluding the stem and the loop so a little bigger than a standard 50mm pocket watch, and overall it has a chunkier feel and appearance than a standard pocket watch. The case is in lovely condition and it has a screw-on bezel and case back with milled edge, a lovely sign of quality. The watch glass is in lovely condition. The signed dial has blued steel hands, a subsidiary seconds dial and outer minute markers. The watch will be sent in a new presentation box.
