

SA64344

English Antler Handled Magnifying Glass - Sterling Silver Mounts - 1891

Price

Sold**Item Reference: SA64344****Date of manufacture: 1890**

Description

A fabulous and very useful desk accessory. The handle is made from antler horn with a solid or sterling silver mount on the end with a repousse line decoration and a circular vacant cartouche each side. There is the English silver hallmark for Sheffield 1891 with the makers mark HH for Harrison Brothers & Howson, there is also the British design registration lozenge, unusual to find on most silver. Excellent condition, measuring 9 3/4" in length with a glass diameter of 4". The glass is of course new, with a naturally good clear lens and excellent magnification making this a very usable piece today. Item ID: 31668 ----- FREE Worldwide Registered Airmail; Insurance Optional.

Internal Ref: 31668
