Description

A fine quality early example of a carriage clock. A fully engraved case with superb foliage engraving and to the back door. Thick bevelled glass panels with a large top aperture. An enamel dial with delicate Roman numerals and 'moon' blued steel hands. An 8-day duration mechanism striking the hours and 1/2 hours on a bell with outside striking countwheel. The original helical spring escapement of high quality. The Perrin family of clockmakers are well noted and worked from 1650. This example by Jean Perrin (1807-circa 1840) dates to 1835-40. Height 5 1/2" / 14 (size with handle down) Depth 3 / 8 cms Width 4 " / 10 cms. From Kembery Antique Clocks Ltd you can expect a genuine antique carriage clock that has been serviced with 12 months guarantee.
