

SA644509

1950s Roamer Supershock wrist watch

Price

Sold

Item Reference: SA644509

Date of manufacture: 1950

Description

1950s Roamer Supershock wrist watch. The watch has a hand-winding movement which is working nicely. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is gold plated and it is in good condition, there is some wear to the backs of the lugs. The case back states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The lens is in good condition. The black dial is in its original finish and has a textured ring running through the numbers. Unusual original green colouring to the hands and number markers, and a red centre seconds hand with the same green to the arrow tip. A new leather strap has been fitted. The watch will be sent in a new presentation box.
