Description

Gents boxed Roamer Vanguard 304 wrist watch. The watch has a signed 17-jewel hand-winding movement, the in-house calibre MST802, which is working nicely. The watch measures 33.5mm diameter excluding the winding crown and the lugs. The case is gold plated and it is in good condition with just a little marking, nothing serious at all. The winding crown has the Roamer 'r' logo. The stainless steel case back has the Roamer Vanguard logo. The case back also states that the watch is water resistant but, as with any vintage watch, it should be kept away from water and moisture. The lens is in good condition. The signed dial is in super original condition with original hands, centre seconds hand and an early form of quickset date where the hands are moved backwards and forwards repeatedly between 12.30am and 9pm until the desired date is reached. A new leather strap has been fitted. The watch comes in a Roamer presentation box which is complete with Watch Guarantee.
