

SA645834

Gents Tissot wrist watch, 1948

Price

Sold**Item Reference: SA645834****Date of manufacture: 1940**

Description

The watch has a 15-jewel hand-winding movement which is working nicely. The movement is fully signed and the serial number dates it back to 1948. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is chrome plated and there is marking commensurate with its age but overall it is very acceptable and it has a very good look with the shaped lugs. The winding crown is a later replacement. The stainless steel case back is signed inside with the Tissot name. The lens is in good condition. The signed dial appears to have been professionally refinished some time ago and it is still in very nice condition. A new leather strap has been fitted. The watch comes in a later vintage Tissot presentation box.
